

Welcome to Tsukuba East!
Laboratory tour to AIST at noon 18th October 2005

1. Visit of MEMS Business Center

Speedy
MEMS
prototyping

2. Take a look! Desktop Nanofactories

Outline

New concept of Desktop Nanofactories™ on nanofabrication process system is proposed to decrease installation risks.

System concept

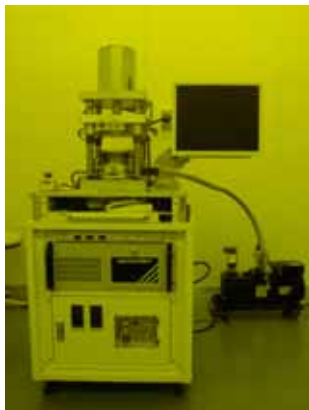

Desktop Nanofactories™ is the specialized nano-fabr

System line-up

- Thermal Nanoimprint System (Available)
- Electron Beam Lithography System
(will be released in 2006)
- Another System (now planning)

Nanoimprint System

EB Lithography System

Produced by **Nano Craft Technologies Corporation**
